## Employment History

### **The Christopher Academy** *Summer Camp Counselor*

*June 2014 - August 2020*

Assisted in the creation of a classroom environment conducive to learning and appropriate to the physical, social, and emotional development of students ages 3 - 6.

### **Volvo** *Assistant Mechanic*

*May 2019*

Worked directly under a trained Volvo technician to aid in the restoration of Volvo cars, while learning how to both diagnose and treat engines and interiors.

### **Ann Taylor** *Sales Associate*

*June 2021 - August 2021*

Responsible for stocking, replenishing, and organizing product with efficiency, while maintaining attractive merchandise displays and ensuring strategic placements of product in order to maximize purchases. Interacted with customers to aid the shopping experience by taking the necessary actions to encourage sales that fulfill their dressing needs.

## Education

### **University of Colorado Boulder** *BS - Creative Technologies and Design* *Minor - Art Practices*

*Fall 2019 - Present*

CTD is a design and engineering degree run at CU Boulder through the college of Engineering & Applied Sciences. An interdisciplinary, projects based degree focused on blending old fashioned engineering with modern solutions in technology and design.

## Personal Projects

### ***The Pharoah's Curse***

Mini game coded and designed solo in GB studio. User plays as a tomb raider attempting to enter a newly discovered pyramid.

### **Online Portfolio**

Online portfolio coded entirely in HTML and CSS.
